

CPSP No: 301

Dear & Respected: Mrs. ZDENKOVA PAVLINA,

Greetings from AGALYA and her family,

I am very happy with my family, come to express our gratitude for your generous education support to me to continue my study in future. I with cheerful heart know that you are my New Sponsor get through CEEMA organization, Erode. I want to introduce myself to your valuable love and kindness.

This year I am in 3rd standard, studying in Sengunthar Primary School, living in Periya Semur a little village near 5 Kms., away from Erode in Western side. My father name is Kumar, working as a Painter as a daily wages. My mother name is Kavitha, assists in kitchen and cleaning work of a house and I have a brother, named Saran, aged 5, from next year he will be in school. We are living in a little tile house, which is distributed by the government. The government provided the land. On it we constructed a house.

I scored the following marks in the quarterly exam; Tamil 30, English 50, Mathematics 41, Science 40, Social Science 45 and total 206/500 marks.

Some of the contests were conducted in our school on Independence Day of August 15. They were interesting. The Oratory and Drawing competitions were held for lower classes. I also participated.

The Power Cut is a big issue in Tamilnadu. It is avail only 4 hours daily in day time. One hour to one hour it breaks in night time. So we can't study and do the homework properly. All of the labor is spoiled and they suffer for income.

The Poem of THIRUKKURAL in our Tamil Book is very nice. They teach very good moral to us. It has been translated in many languages, especially in English.

We all wish you MERRY CHRISTMAS AND VERY HAPPY NEW YEAR. May Infant Jesus bless us every step of our life throughout the year and guide us happily. Once again we express gratitude much for your love and generous heart.

Thank you.

Yours lovingly,

AGALYA.K.
